

AS ONE, WE CAN.

ONE collaborates with PSA to deliver an immersive educational experience

CSR ACTIVITY REPORT

Location:
Singapore

Region:
Global HQ

Period:
Feb 23

**Type of
Activity:**
Maritime
Education

In February, ONE revisited the tradition of hosting students from the Singapore Japanese School, on our first PSA Terminal visit since the pandemic. Furthermore, this year's experience was enhanced by the panoramic views from level 19 of PSA's new corporate headquarters at PSA Horizons.

24 ONE employees led a 214-strong cohort of teachers and students from the Singapore Japanese School (Changi and Clementi campus) on an educational trip to PSA, where the students learnt about how the state-of-the-art technology adopted in PSA's container terminal operations have bolstered Singapore's position as one of the world's leading transshipment hubs.

ONE played an active role in translating the students' questions for the PSA staff and keeping the children engaged throughout this immersive journey, which culminated in a bus tour of the terminal.

Many thanks to our longstanding partner PSA for warmly opening their doors and making this visit possible!
